Short Circuit:

Short Circuit is a web app designed to help users find charge-points for electric vehicles (EVs). The initial ideation, design and execution was apart of the final four week project for the School of Code bootcamp, created by an agile team of six developers.

This project is built with:

Next.js, Express, Cypress, Leaflet, React

Deployed: <https://short-circuit-nine-0byte.herokuapp.com/>

Source: <https://github.com/SchoolOfCode/final-project-repo-nine-0-byte>

Callum Hemming

Full-Stack Developer

Extremely fast learner and recent School Of Code graduate looking to apply excellent communication and technical skills to a full stack web developer position.

Motivated to learn, grow and be a team asset.

Familiar with a wide range of programming utilities and languages.

Knowledgeable of backend and frontend development requirements.

Handles any part of process with ease. Collaborative team player with excellent technical abilities.

Complex problem-solver with analytical and driven mindset. Dedicated to achieving demanding development objectives according to tight schedules while producing impeccable code.

Thrived during the School of Code, excelling in leadership and team member roles whilst developing excellent professional software development skills and knowledge.

• Experience

2021-11 -

2022-03

Team Member in Major Bootcamp Projects

The School of Code, Remote

- Took on additional leadership role to organize for team success.
- Exceeded goals through effective task prioritization and great work ethic using many team management tools including Kanban boards through Trello, as well as effective use of Googles suite of file sharing tools.
- Devoted special emphasis to punctuality and worked to maintain outstanding attendance record.
- Resolved conflicts and negotiated mutually beneficial agreements between parties.
- Participated in team-building activities to enhance working relationships.
- Identified issues, analyzed information and provided solutions to problems.
- Developed team communications and information for meetings.

2021-07 -

2021-08
